Pantheon, a leading global provider of diversified private markets investment solutions, is pleased to announce the promotion of a number of key contributors to enhance our senior team, including the elevation of four new Partners.

All of the new Partners are professionals in our global Investor Relations teams and their promotions strengthen our leadership across three continents, as well as in the increasingly important U.S. private wealth channel. They also reflect our ongoing investment to meet the evolving investor demand for private markets asset classes and come on the back of two years where we have raised a combined ~\$15bn in new capital, while delivering continued excellence in client servicing and support.

The four new Partners are:

- ▶ **John Greenwood**, Head of Canada in our North American Investor Relations team, who joined Pantheon in 2010 and manages client relationships in Canada

“John, Jinman and Mushak have been instrumental over the past decade and more in building our presence within their geographies, while Michael has spearheaded strong momentum in our fast-growing U.S. Private Wealth
